DECLARATION ON INCORPORATION BY REFERENCE

COMMISSIONER OF PATENTS

Washington, D.C. 20231

Sir:

I, Gilbert P. Hyatt, declare that the material cancelled
from the instant application at page 10 line 8 to page 42
line 21, page 43 line 2 to page 56 line 31, page 59 line 6
to page 72 line 17, page 74 line 4 to page 80 line 33, page 81
line 2 to page 107 line 13, page 108 line 2 to page 143 line 6,
page 144 line 2 to page 160 line 6, page 161 line 2 to page 170
line 28, page 171 line 2 to page 177 line 9, page 178 line 2
to page 195 line 5, and page 208 line 24 to page 212 line 11
in the Amendment transmitted herewith is the same material
that has been incorporated by reference with the incorporating
statements provided in place thereof; except that minor
differences between said cancelled and reference material
may have gone undetected such as typographical errors; wherein
the material cancelled from the instant application has been
compared by Applicant with the material incorporated by refer-
ence and no differences therebetween have been detected.

It is clearly established that

"If an application is filed with a complete disclosure,
essential material may be cancelled by amendment and
the same material substituted by reference to a patent...
The amendment must be accompanied by an affidavit or
declaration executed by the applicant or his attorney
or agent stating that the material cancelled from the
application is the same material that has been incor-
porated by reference" (MPEP 608.01(p))

wherein the instant Declaration conforms therewith.

The undersigned declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
